Vuba Surface Cleaner
Aftercare Application Guide

PRODUCT DESCRIPTION

Vuba Surface Cleaner is a ready-to-use cleaning solution designed to effectively eliminate dirt, moss, algae, and weeds from resin-bound surfaces. It is ideal for maintaining the appearance and longevity of outdoor resin installations, including driveways, patios, and pathways.

EFFECTIVELY TARGETS

- Dirt and grime
- Moss
- Algae
- Weeds and organic growth

It helps restore the surface's visual appearance and prepares it for sealing if required.

AVAILABLE SIZES

500ML Vuba Surface Cleaner

5L Vuba Surface Cleaner

BOTTLE SIZE	COVERAGE RATE
500ml	7.5 - 10m²
5l	75 - 100m²

** Coverage may vary depending on surface porosity and level of soiling.*

Benefits

Easy Application with Minimal Effort

Targets and Eliminates Stubborn Dirt, Moss, Algae and Weeds

No Dilution Required

Prepares the Surface for Resealing

APPLICATION GUIDE

1. PREPARATION:

Always test a small inconspicuous area before full application.

2. APPLICATION:

- Use straight from the container.
- **For 5L:** Apply using a pump-action pressure sprayer or watering can. Alternatively, decant your Vuba Surface Cleaner into a wide bucket or container that fits your brush and then apply directly with the brush.
- **For 500ml:** Apply directly to the affected areas.

3. Allow the product to sit for 10–15 minutes.

4. Lightly scrub stubborn areas using a broom or stiff brush.

5. Thoroughly rinse the surface with clean water.

6. For best results, power wash the treated area to remove all residues and debris.

7. Apply a resin-based sealer 24–48 hours post-treatment for enhanced protection.

TECHNICAL INFORMATION

Key Information	
Usability Temperature:	5–40 °C
Environmental Conditions:	Not recommended to apply in strong winds. Surface must be free of rubbish, debris, and obstructions to allow effective cleaning.
Coats:	If stains remain, apply a second coat once the first coat has been applied and thoroughly rinsed.
Usage Time:	Don't leave product to sit for longer than 15 minuets.
Storage:	Store in a cool, dry place away from direct sunlight. Ensure container is tightly sealed after use.
Shelf Life:	12 months from date of manufacture when stored correctly.
